FEATURES & APPLICATIONS

KEY FEATURES

Solar Rechargeable
Harness solar energy for sustainable power.

Portable Design
Lightweight and easy to carry anywhere.

Long Runtime
Extended battery life for long-lasting illumination.

USB Power Output
Charge devices anytime, anywhere.

Outdoor Waterproof
Built to withstand rain and harsh weather.

High Brightness Output
Powerful LEDs for bright and clear lighting.

Emergency Backup Lighting
Reliable light source during power outages.

Energy Efficient Solution
Save energy and reduce environmental impact.

Multi-Function Utility
Versatile use for multiple scenarios.

Commercial Security Support
Ideal for security and commercial applications.

APPLICATIONS

Camping & Hiking

Outdoor Adventure

Warehouse Lighting

Construction Sites

Home Emergency Backup

Rural Area Lighting

RV & Caravan Use

Security Lighting

Temporary Lighting

Emergency Support
